1. Physician Relative Value Units (RVUs) are based on the Medicare 2012 Physician Fee Schedule effective January 1, 2012. National Average Medicare Rates are based on these RVUs and account for the work RVU adjustment completed by CMS for Medical budget neutrality purposes. The 2012 Conversion factor is \$34.0376. Actual payment to physician will vary based on geographic location. Payment for a given procedure in a given locality is available in the Medicare Physician Fee Schedule Look-up file posted in the Physician Center of the CMS website.
